transcosmos becomes a certified business operator under the Nagasaki Prefecture SDGs Registration System

BPO Center Nagasaki, BPO Center Nagasaki Chuo and BPO Center Sasebo all receive certification

transcosmos inc. (Representative Director, Co-presidents: Masaaki Muta, Takeshi Kamiya) is proud to announce that the company has been certified as a registered business operator under the Nagasaki Prefecture SDGs Registration System, which aims to raise awareness and promote action on Sustainable Development Goals (SDGs) throughout the prefecture.

Nagasaki prefecture has launched the Nagasaki Prefecture SDGs Registration System with the purpose of revitalizing the prefecture by reinforcing companies and organizations operating in the prefecture and solving local challenges. To achieve the goal, Nagasaki prefecture publishes companies and organizations that are taking action on SDGs to recognize and support such companies as well as spreading initiatives among others in the prefecture through this system.

Today, transcosmos runs business via three centers in Nagasaki prefecture. In 2024, the company will open a new center, BPO Center Nagasaki Stadium City, creating more job opportunities. To support the local communities, transcosmos not only enhances the well-being of its employees, but also continues to help the prefecture resolve challenges it faces via various programs such as workation agreements with Nagasaki prefecture and Goto city, food banks for single-parent families, and more.

With the aim of achieving a sustainable society, transcosmos will drive initiatives toward resolving local challenges in partnership with Nagasaki Prefecture.
