With the transcosmos SDGs Committee chaired by the Representative Director & Chairman in place, transcosmos has a framework specifically designed to execute its initiatives towards meeting social challenges and expectations with a focus on environmental, social and governance (ESG) criteria.

In addition, with the aim of driving its ESG initiatives to create a sustainable society and enhance its long-term corporate value, transcosmos has set out a fundamental sustainability policy. In its fundamental sustainability policy, transcosmos states that “Staying true to our fundamental management philosophy that client satisfaction is the true value of our company, transcosmos is committed to co-create a well-being society together with our clients. Our corporate purpose is to contribute to achieving the SDGs and promote ESG-related initiatives as a Sustainable Transformation Partner for all.” Committed to this policy, transcosmos is carrying out activities to become a Sustainable Transformation (SX) Partner for all with the purpose of boosting the well-being of society as a whole.

Based on its fundamental sustainability policy, transcosmos is driving the environmental management, and taking actions to address climate change and other environmental activities. On March 1, 2023, transcosmos disclosed climate-related financial information aligned with the TCFD recommendations.

In partnership with stakeholders, transcosmos will further contribute to achieving a sustainable society through its business activities, while doubling down efforts to grow itself and ultimately become the well-being partner for clients.
