## **transcosmos makes Declaration of DECO Movement, a new National Movement for New and Prosperous Lifestyles toward Decarbonization**

### **Aims to realize a sustainable society while driving effort to address social issues through business activities**

transcosmos inc. (Representative Director, Co-presidents: Masaaki Muta, Takeshi Kamiya) hereby announces that the company supports the National Movement for New and Prosperous Lifestyles toward Decarbonization, or DECO Movement (a coined word combining Decarbonization and Eco-friendly), a new movement launched by the ministry of the environment. Accordingly, transcosmos has made the Declaration of DECO Movement in order to achieve the company's CO2 emissions reduction target – reduce emissions by 46% from the fiscal year 2021 by 2030, and achieve net zero by 2050.

#### <About transcosmos Declaration of DECO Movement>

Declaration 1) Support the DECO Movement via its products, services and actions.

Declaration 2) Carry out the DECO Movement in our everyday life and work.

Staying true to our fundamental management philosophy that client satisfaction is the true value of our company, we, transcosmos, will co-create a well-being society with all. In addressing climate change, transcosmos will continue to disclose climate-related financial information aligned with the recommendations of the TCFD, while driving forward initiatives that help solve climate-related challenges through our business. Together with all, transcosmos will drive progress on the SDGs/ESG.

\*DECO Movement is a newly coined word, combining Decarbonization, which means to reduce CO2 emissions, and Eco, being eco-friendly.

\*Declaration of DECO Movement is a statement to carry out one of the 1) and 2) above or both actions.

#### <transcosmos Sustainability Initiatives>

In 2021, transcosmos established the transcosmos SDGs Committee chaired by the Representative Director & Chairman, and put in place a framework specifically designed to execute its initiatives towards meeting social challenges and expectations with a focus on ESG criteria. In addition, with the purpose of creating a sustainable society and boosting the well-being of society as a whole, transcosmos has set out its fundamental sustainability policy.

Under the fundamental sustainability policy, transcosmos is driving its SDGs initiatives in line with its roadmap. To date,

transcosmos has declared its support for the Task Force on Climate-related Financial Disclosures (TCFD) and its recommendations to address climate change, and has disclosed climate-related financial information aligned with the recommendations of the TCFD. To become a Sustainable Transformation (SX) Partner for all, transcosmos is taking actions to address a range of social challenges related to human rights, corruption, and local communities while enhancing its own corporate governance.

For example, some transcosmos centers are equipped with WOSH, a water reuse hand wash stand that does not need a water supply, and recycling 98% of used water. In addition, to reduce the environmental impact, the company is promoting the use of reusable drink bottles, reusable chopsticks, and reusable shopping bags.

transcosmos will continue to drive initiatives to address social challenges through its superior business activities while maximizing the well-being of society to create a sustainable society.
