## **transcosmos holds 2024 Job Fair—transcosmos connects with job applicants—**

### **Partners with Seoul Nambu(Southern) Employment and Welfare Center to create job opportunities for middle-aged and older adults. Plans to expand the job fair across South Korea.**

transcosmos hereby announces that the company has held a job event, 2024 Job Fair—transcosmos connects with job applicants—in partnership with the Seoul Nambu(Southern) Employment and Welfare Center in South Korea.

2024 Job Fair—transcosmos connects with job applicants—is an event where transcosmos connects with job applicants for interviews and hiring sessions. This year, approximately 100 job seekers participated in the event including people in their 40s and 50s as well as women who have temporarily left work after getting married and those on parental leave.

The event kicked off with a transcosmos introduction video, showing its history, centers and offices in South Korea, business domains, and more. After recruiting specialists provided a clear explanation about the essential responsibilities and requirements for vacant positions followed by a Q&A session, job applicants went through job interviews. Applicants were then divided into several groups based on their pre-submitted resume for group interviews, and received objective assessments using an interview assessment form. Following an internal review session, 24 applicants received job offers.

Starting with this 2024 Job Fair—transcosmos connects with job applicants—, transcosmos will expand the scope of its job fairs to include metropolitan cities and other small and medium-sized regional cities in the country.

With around 10,000 people, transcosmos Korea is empowering more than 350 clients in South Korea with its business process outsourcing (BPO) services specifically optimized for each industry. The services include IT solutions development, e-commerce, digital marketing, field services (FS), management of lifelong learning institutes and education consulting, contact center opening and management, direct mail (postal delivery), omnichannel system development and management (mobile, e-mail, postal delivery), and more. Offering optimum services for each individual client across industries and sectors, transcosmos Korea helps clients optimize costs and boost sales, productivity, and customer satisfaction (CS).
