Service: Engineering solution services

transcosmos established the BPO Center Okinawa Uruma as a hub of diverse information and technologies in order to deliver engineering solutions services globally in collaboration with the new manufacturing industry which Okinawa prefecture promotes. Under the theme of “Industrial Wave”, the center is designed to present itself as a manufacturing base whilst showcasing an authentic Okinawa taste. Its refresh room offers a comfortable space for employees by using “sounds

- sense of hearing”, “greenery - sense of sight” and “woods - sense of touch” in order to balance employees’ senses with an intention to improve employees’ health and happiness as well as their productivity and creativity.
