transcosmos inc.

transcosmos obtains license for handling cosmetics in its warehouse Drastically expands its e-commerce one-stop services to include cosmetics, healthcare, OTC medicines, and more

Helps clients solve their challenges with a service framework that works for both online & offline

transcosmos inc. (Headquarters: Tokyo, Japan; President & COO: Masataka Okuda) is proud to announce that the company has obtained a cosmetics manufacturing license. Now, at “E-Commerce One-Stop Center Kitakashiwa,” its logistics center designed specifically for e-commerce services, transcosmos delivers comprehensive cosmetics distribution processing services, including packaging, labeling, storing and all other operations that fall under the category of cosmetics manufacturing. Cosmetics manufacturing (packaging, labelling and storage) registration number: 12CZ200326

The license enables transcosmos to deliver product processing services that have been in high-demand among its clients. The services include “changing products for general distribution to website-only items,” “creating product bundles for outlet stores,” “differentiating product packaging for B2C and B2B markets using the same inventory,” and more. With the services in place, transcosmos is ready to meet the changing needs of the market at one-stop, right away. transcosmos will not only offer product inspection, quality management and storage services, but also attach legal description labels, and assemble and package products for clients.
